Like you, we believe in Queen's House Retreat & Renewal Centre

What Queen's House means to me:

This is the place where I live out my Oblate life which is steeped in scriptures. In Luke 4, we are called to "proclaim the good news to the poor." Queen's House offers a safe harbour for those who seek their place in society. Our response to this challenge is our mission.

-Fr. Paul Fachel omi

To me, the roots of Queen's House include the setting - a tranquil place in the city. This helps refresh my mind during the meetings that I host. The wings are the support I feel and experience when I am planning and hosting events there.

-Overheard in the dining room.

My work centers on many Ecumenical Partnerships. The Women in Ministry program at Queen's House has been my gateway to this incredible retreat centre. Together, we can support and achieve mission.

*- Martha Fergusson

Saskatoon, Sk. S7M 0C9

Our Roots & Wings Campaign

The Context:

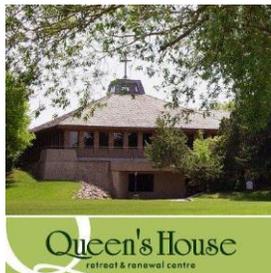

Our **Roots** connect us firmly to the Oblate charism inspired by Saint Eugene de Mazenod more than 200 years ago in Southern France. This charism is one of hospitality and welcome to all; an essential missionary call to others. At the same time, we accept a special emphasis on community. We are working hard with our Oblates to live this call in a meaningful and broadly accepting way at Queen's House, a tranquil setting alongside the beautiful Saskatchewan River in the heart of Saskatoon.

Our **Wings** serve as a metaphor for everything that we are doing as a Queen's House community to be of service. We rely on the guidance and faithful care of our Oblates as we make every effort to extend hospitality through the events, programs, and other happenings for, in and with our extended community.

The Goals of our Roots & Wings Campaign:

The goal of this campaign is to attain \$100,000 over the next 2 years as a match to the financial support that we are currently receiving from our Oblate Lacombe Canada province through their practical and expressed support for retreat ministry. This Oblate financial support assists us with our work in programming and in retreat ministry. The funds that we collect through Roots & Wings will assist us with the ongoing repairs, upgrading and maintenance work of our facility, technology, sound and infrastructure needs. We are encouraged by the expression of support from Oblate leadership for retreat ministry well into the future.

Our Invitation:

We humbly invite you to be part of our **Roots & Wings** Campaign by contributing to the mission and ministry of Queen's House Retreat and Renewal Centre. Together we are contributing to Queen's House being all it is and can be for those who need and seek us.

Please refer to the information in this brochure as to how you can be of practical support. We are most grateful for your care, prayer and support. May God bless!
